Monika Patel

I'm a self-motivated Full Stack Developer who loves to learn and create. I have 3+ years of experience and feel that I would be a great asset to any development or design team. I strive to deliver quality work through focused research and endeavor to be at the edge of emerging technology.

Professional Experience

Feb 2015 - Present

Scantech/Solution Dynamics - .NetDeveloper

Working within an Agile development environment as a .Net Developer for the web and windows applications development and maintenance. Role established UI and component guidelines to ensure the clear direction & alignment of a consistent UI for the end users. Worked closely with other dev-team leaders and sales to bring a consistent vision for the applications.

01. Produce and maintain data digitalizing software applications.
02. Manage UI guidelines within the Application Development team.
03. Understanding of repeatable automated processes for building the application, testing it, documenting it, and deploying it at scale.

Aug - Oct 2014

ACE cars rental — Front End Developer

I was part of a small development team, responsible for all front-facing aspects of ACE rental's sites. Worked on Google analytics, tag manager & AdWords for specifically New Zealand site.
